

## Fact Sheet

### OVERVIEW

For decades Salt Lick Safari Lodge has been one of Kenya's flagship lodges, famed for being among the World's Most Photographed Lodges.

Favorite amongst travelers in search of unique accommodation, Salt Lick Safari Lodge is a luxurious safari escape set in the heart of the Taita Hills Wildlife Sanctuary overlooking a waterhole and the vast Tsavo plains.

### LOCATION

Salt Lick Safari Lodge is located in the heart of the Taita Hills Wildlife Sanctuary, a private wildlife conservancy at the foot of the Taita Hills. With its own functional airstrip in close proximity to the lodge, the sanctuary covers a protected area of 28,000 acres on an altitude of 1,200 meters above sea level (3,600 ft.).

### ACCESS

Salt Lick Safari Lodge is easily accessible by road, Train and by Air.

**Road** - Driving to Salt Lick Safari Lodge from Nairobi takes approximately 6 hours and 3 hours from Mombasa. It is a scenic drive through the Highlands of Kenya experiencing its varied biodiversity

**Train** - This remains one of the most a fantastic opportunity to see more of real Kenya as you leave behind the city life. The Madaraka Express train scheduled once per day takes 2hrs 41mins from Nairobi /Mombasa takes 1hr 25 minutes with a stopover at Voi Terminal with the transfer to the lodge by a van taking you 45 minutes.

**Flying** - The Lodge is just a mere 8km drive from the sanctuary private airstrip, which is served by both private charters and Helicopters.

**Credit cards** - MasterCard, Visa and American Express credit cards are accepted at Salt Lick Safari Lodge. Payment by Mpesa is also available.

## UNIQUE FEATURES

- **Reforestation** - The program aims at habitat restoration which will eventually improve ecological health of the sanctuary after the original vegetation had been degraded by bush fires, overgrazing by mega herbivores, droughts due to climate change and other natural impacts. The reforestation project was first established in 2010 as a pilot project and covers 0.5sq. Km and so far over 10,000 indigenous tree species have been planted.
- **WWI Excursions** - Battlefield tourism specializes in tours of battlefields, cemeteries, memorials and related historic sites all around the world. It focuses on historic battlefields where the fighting is long past and is much more strongly linked to heritage and commemoration. Taita Hills Wildlife Sanctuary, has taken the lead in East Africa by identifying all these leads and has come up with an exciting historical journey told in pictures and an artefacts museum at Taita Hills Resort & Spa.
- **Community and Cultural Tourism** - We partnered with local communities with the aim of exploring Taita culture. The group indulges in social activities which includes making of traditional foods and basketry. They have support from the county government to develop trails leading to 17 caves where skulls of ancient Taita leaders were preserved.
- **Salt Lick Tunnel** - This unique guest experience at Salt Lick Safari Lodge allows guests to observe wildlife up close as they come to quench their thirst at the waterhole. The experience is more rewarding during dry spells/season as large groups of elephants, buffaloes, zebras and various antelopes (sometime trailed by big cats) come for scarce water which is provided for by a well-positioned water hole.
